

SOFTEN AND CONDITION

PURE H2O SOFT

—*Salt efficient softener for complete removal of hard water impurities*

A compact, home water protection system for the removal of impurities that create hard lime scale and scum (calcium carbonate and magnesium) and up to five parts per million of iron. The mixed resin also reduces metals such as fluoride, aluminium, lead, etc.

Alleviates skin irritation, e.g. eczema and psoriasis. Financial savings are made because of the reduced wear on all equipment such as taps, showers, washing machines and heating systems. Cleaning becomes far easier and your bathroom appliances will last many more years retaining their just new look.

The softener utilises the highest grade resin and valves for longevity and high performance. The system comes with a ten year guarantee on the resin.

PURE H2O SOFT FEATURES AND BENEFITS

COMPACT, HOME WATER PROTECTION

Removes impurities that create hard lime scale and scum and up to 5 parts per million of iron. The mixed resin also reduces metals such as fluoride, aluminium, lead, etc.

AQUASHIELD

Advanced bacteriological control integrated into the salt bin for effective control of microorganisms: future proofing against pending legislation.

50% REDUCTION IN SALT USE

Ecomominder Fleck metered valve measures water throughput regenerating only when necessary.

SELF CLEANING

First softener in the world to feature self-sterilisation.

PURE H2O RODI SOFT Metered valve effectively reduces normal salt consumption by up to 50%.

PURE H2O SOFT DIMENSIONS

Typical installation in line with PURE H2O CONDITION

PURE H2O SOFT DETAILED SPECIFICATION

REMOVES

Calcium Carbonate
Iron
Magnesium
Fluoride

REDUCES

Aluminium
Lead

PROCESS

Ion exchange

CAPACITY

25,000 grain capacity

DIMENSIONS

686W x 432D x 1245H mm

SITE PREPARATION

Installed at the point where mains cold water enters the property. A bridge is cut into the mains cold water supply and water diverted through the equipment of your choice.

- Isolated mains cold (15mm)
- Trapped drain with upstand or connection can be made to trapped drain on sink
- Powerpoint 13amp

It is not recommended customers install or carry out any repairs to their system.

ANNUAL SERVICE

No service requirements. The valve comes with a free three year guarantee and the finest grade of resin comes with a free 10 year guarantee.
